

# Put 'Em Up

## Prory

They said when I was young I  
Had some kind of sickness  
See how I have weathered  
You tell me we're better  
If my mother had her way her  
son would be a preacher  
You lookin' for redemption  
We're bringing that old fashion healing Don't make me put em up  
Don't make me put em up  
You won't like me  
Don't make me put em up  
Don't make me put em up  
It's won't like me Boys will be boys who like boys that dress girls  
And that's alright  
we're hanging with the boys that look girl tonight  
Girls will be girls who like girl that dress boys and start up fights  
We're hanging with the girls that look like boys alright Don't make me put em up  
Don't make me put em up  
You won't like me  
Don't make me put em up  
Don't make me put em up  
It's won't like me If my mother had her way her  
son would be a preacher  
You lookin' for redemption  
We're bringing that old fashion healing  
I don't care if you're a christian, [?]  
Who gave you the right to judge anothers lover  
Now's the time for changing  
So keep the hate from creeping in  
Cause the bed that you're is the one you're gonna sleep in Don't make me put em up  
Don't make me put em up  
You won't like me  
Don't make me put em up  
Don't make me put em up  
It's won't like me Boys will be boys who like boys that dress girls  
And that's alright  
we're hanging with the boys that look girl tonight  
Girls will be girls who like girl that dress boys and start up fights  
We're hanging with the girls that look like boys alright Don't make me put em up

Don't make me put em up
