

Get Up You Son Of A Bitch, Cause Mickey Loves Ya

The Bled

The telephone swallowed the child
This is the last time I say your name
The crackle and hiss from the walls
You smile like a catholic in heat Just don't forget what you've done
Just don't forget This is the last time I say your name
This is the last time I say your name
[Incomprehensible] Forget the fuck away from me
Forget the fuck away
Forget the fuck away from me
Forget the fuck away
