No Stopping For Nicotine

Deep Dish

No stopping
No stoppingNo stopping for nicotine
No stopping
No stopping for what you areNo stopping for Benzedrine
No stopping
No stopping for rock 'n' roll starsSeven minutes to rendezvous
I'm committed to what you need
I kind of what to hold on to you
I want to be your best diseaseI want to take apart what you want
I want to take you down memory lane
I want to go behind a restaurant
I want to be what you never becameNo stopping for nicotine
No stopping
No stopping for what you areNo stopping for Benzedrine
No stopping
No stopping for rock 'n' roll starsI'm gonna win it, I let you down
I want to take a drink from your glass
I'm so down in it, I'm underground
I can't forget about touchin' your assNo stopping for nicotine
No stopping
No stopping for what you areNo stopping for Benzedrine
No stopping
No stopping for rock 'n' roll starsNow I'm in it to be like you
I want to take you down memory lane
I'm gonna win it, it's up to you
I want to be what you never becameNo stopping for nicotine
No stopping
No stopping for what you areNo stopping for Benzedrine
No stopping
No stopping for rock 'n' roll starsNo stopping
No stoppingNo stopping for nicotine
No stopping
No stopping for what you areNo stopping for Benzedrine
No stopping
No stopping for rock 'n' roll starsNo stopping, no stopping
No stopping, no stopping
No stopping, no stopping
No stopping, no stopping
