

Give It Time

Molly Jenson

What are you off to in such a hurry, girl?
Is something chasing you?
What has it spinning 'round in circles, little girl?
Is it the world or is it you, is it you? There's no use trying to stop this
There's no use trying to make it go away
Before you disappear just give it time
Just give it time What are you hiding from?
What do you think will happen
If you see this one through, this one through? There's no use trying to stop this
There's no use trying to make it go away
Before you disappear just give it time
Just give it time Where are you off to in such a hurry, girl?
Give it a little time, give it a little time There's no use trying to stop this
There's no use trying to make it go away
Before you disappear just give it time There's no use trying to stop this
There's no use trying to make it go away
Before you disappear just give it time
Just give it time
