

# The Breaks

## The Hit Nation

Lean forward slightly, look straight at the speaker  
And listen with a sparkle in your eye  
As though you might be thinking  
"Gee, this is the most wonderful thing I've ever heard in all my life"  
Back in the day we were eye to eye  
The thought of you has me runnin' wild  
They say love lost will never grow  
But hey, hey, hey I still love you so

Oh, when we met you know the sun did shine  
From your eyes back into mine  
Oh, if the sun shines no more  
Hey, hey, hey, I still love you so  
I'll beg the moon and the stars above  
Bring me back my that girl I love  
I know you're gone, you're gone for sure  
But hey, hey, hey, I still love you so
