

# Brompton Cocktail

## Avenged Sevenfold

(Out of time)  
Doc, I'm dying, I'm feeling compromised  
(Feeling compromised)  
And so dehumanized  
(And so dehumanized) I lost my final fight to disease  
I feel that this is where it ends  
I need that shot to enter my vein  
My Brompton cocktail blend Cause I can't feel my face  
I won't struggle on  
In a world so cold  
In a world so wrong I'm not running away, been fighting this so long  
(So long)  
Such a price that we pay, we gotta be so strong in a lie I'm tired, induced euphoria  
(Induced euphoria)  
To help me move along  
(Help me move along) I wanna meet my maker in peace  
I want to feel alive again  
So put that smile back on my face  
And mix it strong, my friend Cause I can't feel my face  
I won't struggle on  
In a world so cold  
In a world so wrong I'm not running away, been fighting this so long  
(So long)  
Such a price that we pay, we gotta be so strong  
And I take my life tonight cause I have the right to die how I wanna  
And leave how I arrived, so alive I believe my sins will be forgiven  
And I believe my choice will save me from this life  
Please don't question why my sins have been forgotten  
I believe I'll find peace in afterlife  
Please don't question why I left this way Cause I can't feel my face  
I won't struggle on  
In a world so cold  
In a world so wrong I'm not running away, been fighting this so long  
(So long)  
Such a price that we pay, we gotta be so strong  
And I take my life tonight cause I have the right to die how I wanna  
And leave how I arrived, so alive  
(Alive)
