

Help Me

Johnny Winter

You gotta help me, darling
I can't make it all by myself
You gotta help me, baby
I can't do it all by myself
If you don't help me, little girl
I gotta use somebody else You might have to curse
You might have to swear
You might have to disturb
You might have to rock and roll But you gotta help me, darling
I can't make it all by myself
If you don't help me, little girl
I gotta find somebody else You might have to curse
You might have to swear
You might have to disturb
You might have to Help me darling
I can't make it all by myself
If you don't help me, little girl
I gotta find somebody else Hey baby, put on your morning gown
Woah baby, well, put on your morning gown
I'm so sleepy, little girl
But I feel like lying down
