# Photosynthesis (Ft. Jean Deaux)

## Saba

[Intro: Jean Deaux]
Got it, I got it, oh
Say what you're looking for, coz I got it, yeah, ay
I got it, I got it, oh
I got it, yeah[Hook: Jean Deaux]
Oh yes I made it alive, Lake Shore Drive, headed to paradise
In this moment of mine, I can't recognise, or see that the glare is right
And what you compromise, I almost die, I doubt the water is red as mine
[Verse 1: Saba]
Ay, how you lonely in a room with God? (with God)
Never slow up, not even a pitstop (a pitstop)
Praying my niggas'll never get caught (get caught)
Overcame it all, like I'm some big shot (big shot)
Was time to be a man, up to the wrist watch (wrist watch)
To the collar shirt tucked, with the front po-cket (front po-cket)
Part of adolescence when they go blossom (go blossom)
When your stars align, I hope there's no comet (no comet)
So far it's...
Oh yes, I made it alive, I'm on the West Side, still at my momma house
The kids on my conscience now, coz the youth dying and it's just more common now
Common ground, stuck through it all like we Carmelo
Comin' down, high offa life, arrive unannounced
Summonin', numbin' the pain of when I'm endowed[?] high school
My head in the clouds, like I learned about[Hook: Jean Deaux]
Oh yes I made it alive, Lake Shore Drive, headed to paradise
In this moment of mine, I can't recognise, or see that the glare is right
And what you compromise, I almost die, I doubt the water is red as mine[Bridge: Jean Deaux and Saba]
What (what), are you looking for?
I got it (I got it)
I got it (I got it)
All (all), the thing's you adore
I got it (I got it)
I got it (I got it)[Verse 2]
Runnin' through my city like a tour bus (tour bus)
Hopin' one day I can have a tour bus (tour bus)
I can see the planets from my window sill, and I tend to tell what is honest (window sill...tend to tell...honest)
I don't wanna fight no one, no contest (no one, no contest)
I just wanna...undress my conscience (undress my conscience)
I just met a killer bent in his ways (bent in his ways)

Try to raise a family with minimum wage, what can I say? (minimum wage, what can I say?)
Besides the demons, it's reality for the people that we love
And we are the ones that will team up and tee off the party
Dead end the school[?], but they'll show up tardy[?]
The audience awfully ready and rowdy
I meant it if I said it, you get in writing
Got into a science, but write with the lightning
Like soil, I'm grounded, the seed has just sprouted[Hook: Jean Deaux]
Oh yes I made it alive, Lake Shore Drive, headed to paradise
In this moment of mine, I can't recognise, or see that the glare is right
And what you compromise, I almost die, I doubt the water is red as mine[Bridge: Jean Deaux and Saba]
What (what), are you looking for?
I got it, I got it (tell what you want)
I got it, I got it (I got what you want)
All, the thing's you adore
I got it, I got it (tell what you want)
I got it, I got it (I got what you want)
Tell what you want
Tell what you want[Outro]
I just wanna be the plug for my people to eat
I just wanna play soccer on rooftops in Tokyo
I just wanna pop some lime ???
Yours truly, Billy Williams
