

The Snow is Falling

Ray Charles

Snow is fallin'
Fallin' on the cold, cold ground
Snow is fallin, baby
Fallin' on the cold, cold ground
Gloom and misery
Gloom and misery all around I used to be so happy
Now all I do is cry
Well, I used to be so happy
All I do is cry
Gonna buy myself a coffin
Well, I'm gonna lay right down and die Well, people, if I die tomorrow
Who's gonna cry for me?
Hey, now, if I'm to die tomorrow
Well, who's gonna cry for me?
Well, I aint got nothin'
But these blues and misery Well, I guess you better come on and get me
Ain't got nothin' to lose
Oh, no, just come on and get me
Ain't got nothin' to lose
Well, I don't feel like livin'
Life ain't nothin' but the blues
