

Fragments Of Freedom

Morcheeba

Uh, uh
Uh, uh
Maybe you're right Uh, uh
Uh, uh
Maybe you're right When the party's over
You got no way to go
When the party's over
You got no way to go When the party's over
You got no way to go
When the party's over
You got no way to go When the party's over
You got no way to go
When the party's over
You got no way to go When the party's over
You got no way to go
When the party's over
You got no way to go When the party's over
You got no way to go
When the party's over
You got no way to go
