We're Not Gonna Give Up

Tailor

If youâ€™re in it for the long run then youâ€™re in it for the love
And when your boat sinks way down
Well keep our heads above
Cause we have come a long way
to call this house our home
And when we feel like falling
Well carry on stronger then before

Pre-Chorus
Cause it didnâ€™t take too long to see
that our hearts didnâ€™t wane be anything but ordinary
I find myself crying at night
Praying at night hoping this will be our last fight

Chorus:
Cause now were both standing there
With an empty stare and no heart
And we were always making love now were fighting cause were not

2xOh oh oh oh oh oh
Were not gonna give up!

I have tried my best not to fall down but it gets hard these days
It hurts so much more when you know your stronger then this
Gotta work my way through it

Cause we have come along way to call this house our home
And when we feel like falling, falling well carry on stronger then before

Pre-chorus
Chorus
Oh oh oh oh oh oh Were not gonna give up
you see I you see I
Iâ€™m not gonne give up
