

# Hit It

## Toby Keith

7:35

shes someone elses wife,  
i can get on with my life,  
that thrills me,

she married him today,  
her daddy gave the bride away,  
i heard a tear rolled down her face,  
and that kills me,

'cuz now i,  
can see why,  
shes finally cryn'

how was i supposed to know,  
she was slowly lett'n' go,  
if i was putt'n' her through hell,  
hell i couldn't tell,

she could of given' me a sign,  
and opened up my eyes,  
how was i supposed to see,  
she never cried in front of me,

yeah maybe i might of changed,  
it's hard for me to say,  
but if the story's still the same,  
it's a sad one,

and i'll always believe,  
if she ever did cry for me,  
they were tears that you can't see,  
you know the bad ones,

and now i, can see why,  
she's finally cryn'

how was i supposed to know,  
she was slowly lett'n' go,  
if i was putt'n' her through hell,

hell i couldn't tell,  
she could of given me a sign,  
opened up my eyes,  
how was i supposed to see,  
she never cryed in front of me,

without a dought,  
i know now how it oughta be,  
couse she's gone and it's wrong,  
and it bouthers me,  
tomorrow i'll sill be,  
askn' myself.....

how was i supposed to know,  
she was slowly lettin' go,  
if i was puttn' her through hell,  
hell i couldn't tell,  
she could of given' me a sign,  
opened up my eyes,  
how was i supposed to see,  
she never cryed infront of me,

hell i couldn't tell.
