

# Back and Forth

[Kylesa](#)

Try and concentrate  
Brain is melting  
Walking in a daze  
Security of isolation Always shifting, back and forth Blueprint within  
Light to be switched  
Voices unspoken  
Sounds unheard Always shifting, back and forth Calm, but no peace  
Race without a prize  
Youth faded too fast  
Reset this life Always shifting, back and forth We all fade out
