Respect Yourself

Dj Bobo

Refrain:
Respect yourself
Change your mind
Respect yourself
DonÂ't be blind
Respect yourself
And you will see the light

Respect yourself
And you will find your way
So practise what you pray
DonÂ't run away
Respect yourself

Respect yourself
Respect yourself
And you will see the light

1.
If you are feeling weak so deep inside
No place to run, no place to hide
R. E. S. P. E. C. T
Respect your destiny

If you donÂ't know what is right or wrong
If you feel confused and your thoughts are gone
R. E. S. P. E. C. T
Respect yourself, be free

2.
DonÂ't care about what people say
Believe in yourself and go your own way
Respect - no resignation
Leave the path of isolation

DonÂ't care about what people say
R.E.S.P.E.C.T , will never get away
Today, we stay, and pay attention anyway

Fairplay, everyday donÂ’t run away

3.
You donÂ’t know, no, what you donÂ’t know
Like the colours of the rainbow
Respect is the name of the game
Respect yourself and you never miss your aim

If you gonna show weakness
You gotta let them know
You donÂ’t know, no, what you donÂ’t know
If you really wanna grow, say no just go
