

# Sight Unseen

## Cloud Nothings

Before we were talking  
Before anyone knew  
How the working components  
Revolved in the roomCarried how long within me  
That was all that she said  
Carried how long within me  
This idea of zenAnd look  
I'm moving out of view  
The world won't follow you  
So I get by and enter slowlyGo  
Another minute alone with  
Another minute alone with  
Another minute alone with  
The world of sight unseenIn the hours surrounding  
All the fire on the sea  
The following years in account of all that I have seenThere were code notes of envy  
Over the sounding of sirens  
And it gave me the feeling that I had lost all I could loveAnd look  
I'm moving out of view  
The world won't follow you  
So I get by and enter slowlyGo  
Another minute alone with  
Another minute alone with  
Another minute alone with  
The world of sight unseenThe world of sight unseenFinally gone but I'll remember all that I have seenTelling  
you no you won't forget the days of coming cleanFinally gone but I'll remember all that I have seenIn the world  
of sight unseen
