

This Is the Last Time

Stars

You held me up at the bus stop
To tell me that you've had enough
Go tell your friends, go tell your friends
That you've lied to their face that you'll never break, break
I'll never be the one to break your heart And you're never gonna see my face
When you're looking for it
And you'll see I'll never be in place
When you'll come to find
This is the last time! Summer school never felt so cool
And you never want to lose your cool
But I saw your eyes, yes I saw your eyes
And they're never good, they're never good good good
You've always sucked at your goodbyes But you're never gonna see my face
When you're looking for it
And you'll see I'll never be in place
When you'll come to find
This is the last time!
This is the last time!
