I Am Leaving

Blue Roses

Ah ah, ah ah ah ahhh
Ah ah, ah ah ah ahhh

When I decided
to live the rest of my life
from a list of towns and cities and populations
My home was silent
my town was hidden somewhere in the dark
and a spark ignited my imagination

Oh give me a clue somehow
my days are so misspent now
I'm wasting my time worrying all about you

Oh soulless city, your changing skyline is twisting me up inside
I give away another minute

All through the station (all though the station)
I wonder where the constellations can change
A land, a sky, a heart, a movie

I'll tear up letters
I'll take some pictures from their frames
To name a story from the way I'm choosing

La la la-ah
la la la-ah, la la la-ah la la la-ah (3x)

La la la

La la la, la la la, la la la.
