

# To Say Goodbye

Edu Lobo

Goodbye  
It's all over now  
You been gone before  
But this time it's over  
There's no much to say  
You're not coming back  
You just close the door  
Leaving me alone now  
Oh was it just a dream  
Never really true  
Why am I so lonely  
Oh so lonely  
Please come back to me  
Come if it's one more time  
Come even just to say  
Just to say adeus  
Oh was it just a dream  
Never really true  
Why am I so lonely  
Oh so lonely  
Please come back to me  
Come if it's one more time  
Come even just to say  
Just to say goodbye  
Adeus
