

When The Sun Goes Down

Selena Gomez & The Scene

Been a long day
waiting for the night to come
check my iPhone
let me see what's going on, going on, going on
help me DJ (DJ, DJ)
play my favorite song
make the speakers shake, speakers shake,
now everybody wants to sing along, sing along
when the night is here
the only thing on my mind
is having a good time
when the moon appears
you can always hear us say
the party doesn't start till the sun goes down
that's when everything starts moving
everybody out when the sun goes down, aah, aah, aah
the music isn't on till it's way too loud
that's when everyone starts dancing
everybody shout when the sun goes down
when the sun goes down, when the sun goes down, when the sun goes down
oh, oh, oh yeah
Pushin' my hands up
i'm feeling good now
on the dance floor
we can turn it inside out, inside out
when the night is here
the only thing on my mind
is having a good time

with my friends, that's real
you can always hear us say
the party doesn't start till the sun goes down
that's when everything starts moving
everybody out when the sun goes down, aah, aah, aah
the music isn't on till it's way too loud
that's when everyone starts dancing
everybody shout when the sun goes down
when the sun goes down (x3)
oh, oh, oh yeah

down down down
the sun is goin
down down down
when the moon appears
you can always hear us say
when the stars come out
you can always hear us say
oh, oh, oh yeah
the party doesn't start till the sun goes down
that's when everything starts moving
everybody out when the sun goes down, aah, aah, aah
the music isn't on till it's way too loud
that's when everyone start dancing
everybody shout when the sun goes down
when the sun goes down (x6)
oh, oh, oh yeah
