

Look Out

3 Inches Of Blood

Advisory - the following lyrics contain explicit language:

The world of metal
Was ruled by him for many years
Even though he's gone he will live on
He did reign on a silver mountain high
The spirit will not die
When you hear him coming LOOK OUT [x6] There was no equal
He was a legend of his time
A voice that always shines
brighter than a shooting star Send you to Heaven and shoot you to Hell
He slayed the dragon each and every night
It was his right
A king among his kind
He shared his wisdom even to the last in line The world now better having been touched by his gift
From the lowliest mortal to the Gods on high
A force to reckon for all eternity You think you're ready, but you're not prepared
When you hear the sound LOOK OUT [x3] Send you to Heaven and shoot you to Hell
He slayed the dragon each and every night
It was his right
A king among his kind
He shared his wisdom even to the last in line
His glory is divine
Capturing the essence of all that's great and fine [Solo: Clark] He slayed the dragon each and every night
It was his right
A king among his kind
He shared his wisdom even to the last in line
That he was taken shed a tear
His legacy remains so he will never die
Be aware that he's coming for you LOOK OUT [x3]
