I Felt Free (Safe Camp Sessions acoustic version)

Circa Survive

Nothing new to say
Nothing to report 'cause the future happened yesterdayIf I could tell the truth
I could make you stay
but forever seems so far awayI fell apart in your arms
for the last time
And I felt free to do what I want
because of the things you told me,
because of the things you told me, you told me
I felt freeYou could be the end of me
Too many shades of gray
It's just another pointless game that we playI couldn't tell the truth
I'll never make you stay
because tomorrow always happens yesterdayI fell apart in your arms
for the last time
And I felt free to do what I want
because of the things you told me
because of the things you told me, you told me
I felt freeI felt freeI will learn to live again for now I'm breaking
all the things I couldn't mend without escaping
I will learn to love again
I will learn to love
I will learn
