

Make Believe

Toto

Why don't we make believe we're in love again
Who said the crimson moon doesn't shine
Where do people go when they're lookin'
For that one of a kind Why don't we make believe that we're sorry
Why must we hold it all inside
Where do lovers go when they're runnin'
And there's no place to hide (Always remember)
The day we met in the foreign rain
(You were content and)
We went our separate ways
No matter which way the wind blows now
Hang on to it anyhow

Don't ever say it could never be the same Why don't we make believe we're in love again
Who said the crimson moon doesn't shine
Where do people go when they're lookin'
For that one of a kind Why don't we make believe that we're sorry
Why must we hold it all inside
Where do lovers go when they're runnin'
And there's no place to hide (Always remember)
Holding hands on a summer day
(You were content and)
You took it all away
I didn't come here to change your mind
Lead you on and waste your time

All alone in the evening, gettin' blue Why don't we make believe Why don't we make believe we're in love again
Who said the crimson moon doesn't shine
Where do people go when they're lookin'
For that one of a kind Why don't we make believe that we're sorry
Why must we hold it all inside
Where do lovers go when they're runnin'
And there's no place to hide Why don't we make believe
Why don't we make believe
