

# Infatuation

## Jonas Brothers

I met you in a dream  
And your piercing eyes were staring straight at me

I cant believe this feeling  
You make me feel so much heat  
I want you always near me  
Is this really what it seems?

Chorus(in jap)

Donna dona amoymo  
suma luna kuchi kanteldene  
kitto kitto zolomone  
jila mee neka sen u bala  
dan dan dan o lashi hapune  
dan dan dain kokore shipone  
dan dan dan kokori amune

I need you

I want you

I got to have you  
its infatuation

Love, Ive finally found it new  
And it came to me in such a vision

Now I know I need you so  
You make me burn like crazy  
I really feel you baby  
I see an angel in your eyes

Chorus(in jap)

Donna dona amoymo  
suma luna kuchi kanteldene  
kitto kitto zolomone  
jila mee neka sen u bala  
dan dan dan o lashi hapune  
dan dan dain kokore shipone

dan dan dan kokori amune

I need you

I want you

I got to have you  
its infatuation

It fire falls down from the sky  
If all the rivers should run dry

It false turns out to be true  
Youll know that I will find you  
Because our love is destiny  
Baby! Baby!  
Chorus(in jap)  
Donna dona amoymo  
suma luna kuchi kanteldene  
kitto kitto zolomone  
jila mee neka sen u bala  
dan dan dan o lashi hapune  
dan dan dain kokore shipone  
dan dan dan kokori amune  
I need you  
I want you  
I got to have you  
its infatuation  
its infatuation  
Youre my love no frustration  
its infatuation  
Youre my love no frustration  
its infatuation  
Youre my love no frustration  
its infatuation  
Youre my love no frustration
