Stay

ICELANDIA

[Verse 1]
Break a leg
I hope you're not let down
Bathtub, freezing in a wedding gown
Prayer full of hymns to the Lord above
Does he stay when he says he does?
Does he stay when he says he does?
Have you ever wondered how to love?

When the rivers in the mountains speak
When I plead with you
When they plead with thee
Mournful songs on the Earth below
Still candy clouds in the sunsets glow
Candy clouds in the sunsets glow
But death seems heavier before you go

[Chorus]
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it

[Verse 2]
If you ever decide to leave
I'll be there with you
You'll be there with me
Joyful songs make us feel alright
And you'll be dancing in shining night
You'll be dancing in shining night
Can you ever learn to feel alive?

[Chorus x2]
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it

Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it

[Bridge]
Down to the riverside
Bathe and be absolved
Of all that remains
And if you go, you go
But if you stay, you stay
You stay
You

[Chorus x2]
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
Stay with me, you're worth it
