

Nothing Else Matters (feat. Katie Ann Marie)

David Guetta

Watching the world
Watching them all go insane
Look at 'em all
Look at 'em do evil things So I go out and dance
Party my problems away
Look at me now (look at me now)
Look at me dancing again In a club nothing really matters In a club nothing really matters In a club nothing really matters
In a club nothing really matters Drop the beat In a club I rock club life, come out at night
Shot til daylight, hot models my type
Let's go, take flight, explode dynamite
Disco black light In a club Party people rocking hardcore in a club
DJ rock the fucking dance floor in a club
Hot mamas dancing, oh lord, in a club
I just came to rock on out, to escape from the world Watching the world (watching the world)
Watching them all go insane
Look at 'em all (look at 'em all)
Look at 'em do evil things So I go out and dance
Party my problems away
Look at me now
Look at me dancing again In a club nothing really matters In a club nothing really matters In a club nothing really matters
In a club nothing really matters Drop the beat In a club Feeling like a star when I walk in the house
DJ spun that record and he burned down the house
Just like MC Hammer I'ma turn the motha out
I'ma rock the dance floor, check me out
I came here with my people, we gon' fuck up the place
I was stressed out, so I had to get away
The world is going mad, I think they gon' crazy
So I just gotta break on out In a club nothing really matters In a club nothing really matters In a club nothing really matters
In a club nothing really matters Drop the beat Drop the beat Drop the beat Drop the beat Drop the beat
