

Still Waitin'

Big Sugar

Somebody, somebody
Somebody deliver meMy head is all in a quandary, baby
Because you happen to say
That you're undecided, baby
You got to wait on Judgement DaySomebody, somebody
Somebody deliver meSomebody's done all my laundry, baby
Who would that happen to be?
I don't know why you do it, baby
Yesterday, you didn't want meSomebody, somebody
Somebody deliver meYou got me waiting
To open awhile
You're hesitating
Why drag it out?
Why don't you go onHere we go...I'll get over
Why don't ya come on over?
I'll be waiting
Come on over
