

Ping Pong

Bloatsucher

It's alright, 'cause the historical pattern has shown

How the economical cycle tends to revolve

In a round of decades three stages stand out in a loop

A slump and war then peel back to square one and back for moreBigger slump and bigger wars and a smaller recovery

Huger slump and greater wars and a shallower recoveryYou see the recovery always comes 'round again

There's nothing to worry for things will look after themselves

It's alright, recovery always comes 'round again

There's nothing to worry if things can only get betterThere's only millions that lose their jobs

And homes and sometimes accents

There's only millions that die in their bloody wars, it's alrightIt's only their lives and the lives of their next of kin that they are losing

It's only their lives and the lives of their next of kin that they are losingIt's alright, 'cause the historical pattern has shown

How the economical cycle tends to revolve

In a round of decades, three stages stand out in a loop

A slump and war then peel back to square one and back for moreBigger slump and bigger wars and a smaller recovery

Huger slump and greater wars and a shallower recoveryDon't worry be happy things will get better naturally

Don't worry, shut up, sit down, go with it and be happyDum, dum, dum, de dum dum

De duh de duh de dum dum dum, ah ah

Dum, dum, dum, de dum dum

De duh de duh de dum dum dum, ah ah
