

# Why Don't You Love Me?

Amanda Marshall

Why am I lonely?  
You're sitting right here  
Why am I talkin'?  
It's like I'm talkin' to the air  
What am I lookin' for?  
That just isn't there  
Why am I angry  
And how did it get so bad?  
And why am I missin'  
What we never really had?  
And why don't you love me  
The way I love you?  
And why don't you feel things  
As deep as I do?  
We've got a fundamental difference  
In matters of emotion  
But I need to feel you need me  
Like a river needs an ocean  
Baby, why don't you love me?  
Who am I kiddin', baby?  
It wasn't meant to be  
But you wanted a believer  
And I needed to believe  
For every wall you built around you  
I learned a brand new way to climb  
And if I could've been your angel  
I would've found a way to fly  
And why don't you love me  
The way I love you?  
And why don't you feel things  
As deep as I do?  
We've got a fundamental difference  
In matters of emotion  
But I need to feel you need me  
Like a river needs an ocean  
Baby, why don't you love me?  
I don't understand you  
What's it take to make you cry  
And if leavin' you don't break you

Then baby what's it matter, why?  
    Why don't you love me  
    The way I love you?  
And why don't you feel things  
    As deep as I do?  
We've got a fundamental difference  
    In matters of emotion  
But I need to feel you need me  
    Like a river needs an ocean  
Baby, why don't you love me?  
    Why don't you love me?  
    (Why don't you love me?)  
    Can you tell me why?  
    (Why don't you feel things)  
Can you tell me why, baby?  
    (Why don't you love me?)  
    I cannot know why  
    (Why don't you feel things?)  
    Can you talk to me, baby?  
    (Why don't you love me?)  
    Can you tell me why?  
    (Why don't you feel things?)  
    Why am I lonely?  
    (Why don't you love me?)  
When you're sitting right there  
    (Why don't you feel things?)
