Ball Of String

Lyn Saga

You are my ball of string
I keep you dangling
You seem to ask for more
When I throw you on the floor

And every day and night
I'll take you for a ride
You give me all you got
But I'll still tie you in knots

Chorus:
Ball of string
I like to keep you dangling
I know that you are mine
It's true
But I'm not getting tangled into you
Ball of string
It's sad, but it's true

I don't know how it is
You put up with all this
I try to make you better
Knit you into a sweater

You say such foolish things
Like I mean everything
You say that you love me
Why can't you look and see
