Don't Know What I Was Thinking

[Teddy Thompson](#)

I'm minutes away, I'm taking the next train
Don't know what I was thinking
I'm bringing you flowers, I'm making it up to you
Don't know what I was thinkingI figured it out, I need you
Don't know why I didn't know it then
I got it all wrong, I miss you
Don't know what I was thinkingWhen it's going along
When it's something beginning
That's when I feel I have to end it
Oh, but I was a fool, I was listening to everything
Except for what my heart was sayingI figured it out, I need you
Don't know why I didn't know it then
I got it all wrong, I miss you
Don't know what I was thinkingI know what I said, it's over
I know what I want now
It's you, it's you, it's youI figured it out, I need you
Don't know why I didn't know it then
I got it all wrong, I miss you
Don't know what I was thinking
Don't know what I was thinking
Don't know what I was thinking
