

Get None

Tamar Braxton

Hook:

You can go home run your phone bill up, run your cell phone up

You don't get none

You can page me all you want but I won't call right back

Naw naw you won't get none

You can buy me diamonds, nice trips on the beach

But you still don't get none

Trying to use cash to get you some ass

Face the facts, nigga, you ain't gonna get none Verse 1:

Mr. First class baller

I got a few thangs to say to you

Right now you're getting on my

With your trickin' bad habit issues

I'm sure if I was with you

No doubt I would be laced up

But I got a term paper due

Don't get it confused

My mind is on other things not you Hook:

You can go home run your phone bill up, run your cell phone up

You don't get none

You can page me all you want but I won't call right back

Naw naw you won't get none

You can buy me diamonds, nice trips on the beach

But you still don't get none

Trying to use cash to get you some ass

Face the facts, nigga, you ain't gonna get none Verse 2:

I ain't a part time lover

There's a couple things I just don't do

Won't be no hoe, just drop my clothes

All those silly things that you're used to

So if you stepping then approach me like a lady

Or there is no me at all

I take my time, won't cross the line

Until I really know Bridge:

I've seen you're type before

You think you got so much game
