

# Back In Vietnam

Lenny Kravitz

We are like pirates and we are coming with the biggest ego  
We're gonna bring it down and give it to you, that's how we go  
We're gonna drop from the sky like a killer tornado  
Here we are again, my friends  
We're back in Vietnam  
Back in Vietnam  
We're back in Vietnam  
Back in Vietnam  
We're gonna keep on riding till the enemy's been severed  
We'll never turn around, we don't care if it takes forever  
Men, women, children will die, we're all in this together  
Here we are again, my friend  
We're back in Vietnam  
Back in Vietnam  
We're back in Vietnam  
Back in Vietnam  
Do, do, do, do, do  
Do, do, do, do, do  
Do, do, do, do, do  
Do, do, do, do, do  
We're back in Vietnam  
Back in Vietnam  
We're back in Vietnam  
Back in Vietnam  
We're gonna fly over the world inside a giant eagle  
We do just what we want and don't care if it isn't legal  
We're on a horse that is high, we think we're so damn regal  
Here we are again, my friend  
We're back in Vietnam  
Back in Vietnam, oh yeah  
We're back in Vietnam  
Back in Vietnam  
Back in Vietnam  
Make no mistake about it  
We're back in Vietnam  
We're back in Viet  
Back in Vietnam  
We're back in Vietnam
