

Understand Me?

C.J. Ramone

I really don't care, understand me?
I'm a believer anyway
Someday you'll know then
It will be alright
It's the way you say goodbye You think you're so smart, understand me?
Things can't be how you hoped they'd be
'Cause what you don't know is
They'll never be alright
as long as you say you don't believe And it may take your whole lifetime
But you'll find out in the end, oh yeah
You were the one who was so wrong
