

# Light In Your Eyes

## Blessid Union Of Souls

I can't remember the last time that we kissed goodbye  
All our "I love you's" were just not enough to survive  
Something your eyes never told me  
But it's only now to plain to see  
Brilliant disguise when you hold me  
And I'm free I've been thinking and here's what I come to conclude  
Sometimes the distance is more than two people can use  
But how should I have know girl  
It was time and not space you would need  
Darling tonight I could hold you and you would know  
But would you believe There's a light in you eyes that I used to see  
There's a place in you heart where I used to be  
Was I wrong to assume that you were waiting for me  
There's a light in your eyes  
Did you leave that burning for me Cards and phone calls and photograph pictures of you  
Constant reminder of all the things you get used to  
Is there a chance in hell or heaven  
That there's still something here to build on  
Or do you just pick up the pieces after they fall  
But after all There's a light in your eyes that I used to see  
And a song in the words that you spoke to me  
Was I wrong to believe in your melody  
There's a light in your eyes  
Did you leave that light burning for me Should I keep on waiting or does love keep on fading away  
Fading away It's been a while since I've seen you so how have you been  
Did you get my letter I wrote you, but I did not send  
I tried to call your old number  
But the voice that I heard on the phone  
I recognized but she told me the number was wrong There's a light in my eyes but it's too bright to see  
And a pain in my heart where you used to be  
Guess I was wrong to assume that you were waiting here for me  
There is a light in your eyes  
Did you leave that light burning for me.
