

Baptism By Fire

AC/DC

Hey, ooh
Let's get the party started
And lemme do your tricks
Ooh yeah
Let's get the joint jumping
The boys need their kicks We're gonna shock the nation
Make them flip their lips
You know you need a litigation
Ooh, bring a lot of bottles and enjoy the trip I said ride ride ride, up all night
Ride, it'll blow your mind
Baptism by the fire
Don't let me roll the tires
Baptism by the fire
You stir the fire and acquire
Play your hand, come on and make a stand Feeling the track of thunder
Or feel the lightning spike
Hey
Get your kicks conspirin'
It's ready for tools night Ride ride ride, up all night
Ride, it'll blow your mind
Baptism by the fire
Don't let me roll the tires
Baptism by the fire
Your fever burn the wire
Baptism by the fire
Shooting high and shooting higher hey hey hey
Play your hand, come on and play your hand
And let me show you how
Come on and make a stand It'll blow your mind
Baptism by the fire
Sweet sweet desire
Baptism by the fire
You're gonna burn the wire
Baptism by the fire
Shooting high and shooting higher hey hey hey
