Magic Carpet

Orange Goblin

Kaleidoscope of color from the fountain jubilee
Atomic rays of sadness shine beyond the silver tree
The distant sound of chaos and brings the warriors to be
A ride upon the carpet and it takes me to my fantasyHold on tight
Baby, hold on tight
Magic carpet rideThe butterfly superior of cosmic dust and sand
Sings the hymn of mystery and shadows evil land
Ashes rise to fill my eyes as darkness takes my hand
Upon the carpet plays the tune of Mother Nature's bandHold on tight
Baby, hold on tight
Magic carpet rideHere we go now, give it to meA mountain starts to crumble as we race the giant fly
Our sunrise falls to pieces as the priest decides to lie
A cavalcade funeral is marching across the sea
To nest the velvet eagle where the angels' hearts will bleed, yeahBaby, hold on tight
Come on, hold on tight
Magic carpet rideTake it down now
Come on, come on, come on, come on
Take a ride with me, take a ride with me upon the magic carpetCome on, come on, come on, come on
Take a ride with me, take a ride with me upon the magic carpetUpon the magic carpet, upon the magic carpet
Upon the magic carpet, alright
