Dreaming

Tennis

I've searched high and low
I've looked deep inside
But how can I knowFor such a long time
I've hoped for a sign
That one day I'd find
We'd been and found
Either inside or out
I have to take time
You're meaning contained
Your valued displayed
By speaking your nameYou revealed yourself in a dream
Then you told me how to believeDreaming, I'm dreaming
I can still believe in
I'm dreaming I can still believe in youI've searched high and low
I've looked deep inside
But how can I knowFor such a long time
I've hoped for a sign
That one day I'd find
We'd been and found
Either inside or out
I have to take time
You're meaning contained
Your valued displayed
By speaking your nameYou revealed yourself in a dream
Then you told me how to believeDreaming, I'm dreaming
I can still believe in
I'm dreaming I can still believe in youDreaming, I'm dreaming
I can still believe in
I'm dreaming I can still believe in youI'm dreaming, I am dreaming
I can still believe in
I'm dreaming I can still believe in youDreaming, I am dreaming
I can still believe in
I'm dreaming I can still believe in you
