

Tumble Down

Daniel Higgs

They say that nothin' lasts forever
And things can fall apart in a day
We've been so happy together, oh
I just want you to know, I'm here to stay, oh
 So if your luck ever leaves you
 And your friends don't call
 If they should ever deceive you
 I won't let you fall
 'Cause if it all comes tumble tumble down
You know I'm the one who'll always need you so
 I'm the one who'll never let you go
 If it all comes crashin' to the ground
You know I'm the one who'll find you anywhere
 I'm the girl you know who'll always care
 If it all comes tumble tumble down
They say that the city's gonna slide in the ocean
 And rain's gonna fall for forty days
 Nothin' can stop my sweet devotion
 Nothin' could make me go away
 'Cause if the world goes crazy
 And we lose it all
 Reach out and catch me
 Don't let me fall
 ?Cause if it all comes tumble tumble down
You know I'm the one who'll always need you so
 I'm the one who'll never let you go
 If it all comes tumble tumble down
You know I'm the one who'll always understand
 I'm the one who'll take you by the hand
 If it all comes tumble tumble down
 If it all comes tumble tumble down
 Mi nah gon' leave you
 Mi a gon' show you that mi love is true
 Please believe me, hug mi up an' squeeze me
 Doubt mi never, mi nah gon' hurt you ever
 'Cause mi love is forever, you and I together
 'Cause if the world goes crazy
 And we lose it all
 Reach out and catch me

Don't let me fall
?Cause if it all comes tumble tumble down
You know I'm the one who'll always need you so
I'm the one who'll never let you go
If it all comes crashin' to the ground, oh
You know I'm the one who'll find you anywhere
I'm the girl you know who'll always care
If it all comes tumble tumble down
If it all comes tumble tumble down
If it all comes tumble tumble down
Tumble down, down, down
