

Follow Me

Blondie

Far from day, far from night
Out of time, out of sight
In between earth and sea
We shall fly, follow me
Dry the rain, warm the snow
Where the winds never go
Follow me, follow me
Follow me
To a cave by a sapphire shore
Where we'll walk through an emerald door
And for thousands of breathless
Evermore my life you will be
Only you, only I
World farewell, world goodbye
To our home 'neath the sea
We shall fly, follow me
Only you, only I
World farewell, world goodbye
To our home 'neath the sea
We shall fly, follow me
Follow me
Follow me
Follow me
Follow me
