Saints

Vince Viano

If I le the world tomorrow I wouldnâ€™t regret a thing
Iâ€™d thank my God, my awesome God cause he put me here to sing
As Sinners we have sorrows but you have to try and believe
Say a Prayer and e Lord is there Just ask and youâ€™ll receive
Faith keeps the walls from tumbling down
ereâ€™s only good when their around
When e Saints come marching in I know we will all begin
To see the light from our God
e future is in his hands
Our future is in his hands
Now your life is lled with problems and you donâ€™t know what to do
When times are hard take the hand of God and I know youâ€™ll make it through When someone dies we canâ€™t den
the tears as they fall
e people have so many prayers I know He hears them all
ey keep the walls from tumbling down
ereâ€™s only good when their around
When e Saints come marching in I know we will all begin
To see the light from our God
e future is in his hands
When the Saints come marching in I know weâ€™ll be free of Sin
Christ Has died He has risen
I know He will come again
e Good Lord will come again Come Again
Faith keeps the walls from tumbling down
When e Saints come marching in I know we will all begin
To see the light from our God
e future is in his hands
Sing praises to the Lord
Oh you his Saints
And give thanks to His Holy N
