Dreams

Enya

You're everything my dreams have seen.
But, what are dreams?
I'm walking where my dreams have been.
But, what are dreams?
Can I believe these spells I feel?
I'm wary now.
Can I believe, or is this real?
I'm wary now.
Just like some new-born creature, I.
What are dreams?
A child in need of love and care.
Tell me what, tell me what, are dreams?

Can I believe these spells I feel?
I'm wary now.
Can I believe, or is this real?
I'm wary now.
Just like some new-born creature, I.
What are dreams?
A child in need of love and care.
Tell me what, tell me what, are dreams?
