

# No Love Lost

## Terror

Stay away, I don't want it  
You're a weak motherfucker and it's pissing me off  
Stay away, and don't doubt it Keep running in circles with that meaningless talk  
My last nerve has been crossed The final nail driven to the wall  
Just stay away and keep that shit from me  
The burning bridges, that's all I ever saw Stranglehold got a grip on my mind  
You can't change, the final nail decides  
No love lost  
Every ounce of respect that I have  
It runs out this time, you lost Just stay away, you're fucking poison  
A thousand deaths for every last one of your lies Stranglehold got a grip on my mind  
You can't change, the final nail decides  
I just want you off my back No love lost  
Every ounce of respect that I have  
It runs out this time, you lost  
No love lost  
Just want you off my back The walls you build, the bridge you break  
I'm not sorry, trapped in a maze  
The walls you build, the bridge you break  
I'm not sorry, trapped in a maze  
Falling faster, still it's getting closer  
Live in the conflict that you bring  
Falling faster, still you're getting lower  
Swim in the chaos that you love
