It's a New Day

Grynch

Sleep deprived an' fallin' apart
Starin' down your demons, out there in the dark
At the end of the tunnel, you can see a light
Well, if that ain't a train you made it through the night
An' it's a new day in the mornin'
Anythin' is possible, it's all good
For brief shinin' moment
Everythin' is wonderful
Knock on wood, knock on wood
Well, you get knocked down an' you get back up
You get knocked down again, well, it's just your luck, hah
It's just one of those years that you gotta get through
An' then you wake up an' find, it made a man outta you
It's a new day in the mornin'
Anythin' is possible an' it's all good
For brief shinin' moment
Everythin' is wonderful
Knock on wood, knock on wood
It's a little humblin' down on your knees
Ah, but if you say, "Please"
An' it's a new day in the mornin'
An' anythin' is possible an' it's all good
(It's all good)
For brief shinin' moment
Everythin' is wonderful
Knock on wood, knock on wood
