

How Do You Sleep At Night

Wade Hayes

I haven't had a good night's sleep in weeks, now thanks to you
The ghost of broken promises you made, haunts every room
A hurtin' heart can't get no rest 'round here
I lie awake and wonder how your conscience could be clear How do you sleep at night?
Do you toss and turn till the morning light?
Does the darkness help when you lie down with the truth? How do you sleep at night?
Are you all alone or holdin' someone tight?
Do you see me when you close your eyes?
How do you sleep at night? Now your side of the bed's as cold as the lies that I believed
I'm at the point when I can't even trust you in my dreams
Did the way you left me leave you feelin' proud
Or does the loneliness come callin' when the sun goes down? How do you sleep at night?
Do you toss and turn till the morning light?
Does the darkness help when you lie down with the truth? How do you sleep at night?
Are you all alone or holdin' someone tight?
Do you see me when you close your eyes?
How do you sleep at night? How do you sleep at night?
Do you toss and turn till the morning light?
Does the darkness help when you lie down with the truth? How do you sleep at night?
Are you all alone or holdin' someone tight?
Do you see me when you close your eyes?
How do you sleep at night?
