

Fly To the Angels (Demo)

Slaughter

Pictures of you--
oh, they're still on my mind--
you had the smile--
that could light up the world--
now it rains--
it seems the sun never shines--
and I drive--
down--
this lonely lonely road--
oooo I got this feelin'--
girl I gotta let you go--(Chorus)--
'cause now you've got to fly--
(fly high)--
fly to the angels--
heaven awaits your heart--
and flowers bloom in your name--
you've got to fly--
(fly high)--
fly to the angels--
all the stars in the night--
shine in your name--though it hurts me--
way deep inside--
when I took a look--
and found that you're not there--
I tried to convince myself--
that the PAIN--
the PAIN is still not gone--
but still I drive--
down--
this lonely lonely road--
oo I got this feeling--
girl I gotta let you go--(repeat chorus)
