

Sail The Rivers

Uriah Heep

Would you give me
One more chance
If I agree to your demands
Or will you turn the knife
Keep me in pain till
I can't take no more
Would you take the breath of my life
Or are you lookin' for something
I never do right
I should be the one to let go
I could free your body and soul
So here we stand
Like actors in a play
On an empty stage
Not knowin' what to say
I tried so hard to get through to you
