Showin' Up

Nina Lee

I'm takin' care of myself
takin' the time to look good and deep
Into my hopes and my dreams
Not worrying about
What you, and you, and you might think

I'm being fair with myself
I win, and then I lose again
Doesn't really matter in the end
I'll be countin' my blessings
Thanking the lessons oh oh

I'm making something out of nothing
My heart is burstin
My soul is thirstin'
I'm on my way
Love overflowing for the life I have chosen
Every step I will claim

Oh Woah oh oh
Oh Woah oh oh
I am growin' up you could say
Oh Woah oh oh
Oh Woah oh oh
I'm just showin' up every day

And I'm not scared of myself
Love comes and goes
Trust ebbs and flows
Doesn't really matter in the end
I'll be counting my blessings
Thanking the lessons oh oh

I'm making something out of nothing
My heart is burstin
My soul is thirstin'
I'm on my way
Love overflowing for the life I have chosen
Every step I will claim

Oh Woah oh oh
Oh Woah oh oh
I am growin' up you could say
Oh Woah oh oh
Oh Woah oh oh
I'm just showin' up every day

I am countin' my blessings
I am thankin' the lessons
Growin' up you could say
I'm just showin' up every day

I'm making something out of nothing
My heart is burstin
My soul is thirstin'
I'm on my way
Love overflowing for the life I have chosen
Every step I will claim

Oh Woah oh oh
Oh Woah oh oh
I am growin' up you could say
Oh Woah oh oh
Oh Woah oh oh
I'm just showin' up every day
