

# Simply Beautiful

## Annie Sellick

Oh listen to the singing of the robin in the meadow  
Who knows if she is singing' bout the changes in the weather  
Who knows if she is singing bout the promises of heaven  
But she sure sounds good to me

Oh listen to the cooing of the baby in the cradle  
Who knows if she is cooing cause the Kitty's on the table  
Who knows if she is cooing just because she's able  
But it sure sounds good to me

Simply beautiful  
Simply wonderful  
Simply life goes on  
Life goes simply on and on

Oh, listen to the babbling of the little brook a-fallin'  
Who knows if she is babbling cause she's falling down the mountain  
Who knows if she is babbling cause of something she's forgotten  
But she sure sounds good to me

I listen to the one I love with all of my heart  
He's telling me he misses me when we are apart  
He's telling me he loves me from the bottom of his heart  
And that sure sounds good to me

Simply beautiful  
Simply wonderful  
Simply life goes on  
Life goes simply on and on
