Butterfly

Shareefa

It replays in my mind so many times when I try to move on
It just rewinds, I'm scarred for life, a casualty of love captivated me
Like a prisoner, what was I thinkin' of? I gotta free my mind
Now it's my time, now I'm a butterfly
I gotta spread my wings and fly, get away from all ya lies
Ya know I tried but you're the kind that can't be satisfied
Misery loves company, I was sleepin' with the enemy
I made a change and spread my wings just like a butterfly
Fly away butterfly, fly away butterfly
So many times, I could've walked away
But love is so blind, I was so afraid
At times you had me speechless, you made me feel so loved
At first you were an angel but then you turned so cold
I gotta spread my wings and fly, get away from all ya lies
Ya know I tried but you're the kind that can't be satisfied
Misery loves company, I was sleepin' with the enemy
I made a change and spread my wings just like a butterfly
Fly away butterfly, fly away butterfly
Fly away butterfly, fly away butterfly
I made my decision, don't need your permission
I gotta start livin', you took away everything
I gotta spread my wings and fly, get away from all ya lies
Ya know I tried but you're the kind that can't be satisfied
Misery loves company, I was sleepin' with the enemy
I made a change and spread my wings just like a butterfly
I gotta spread my wings and fly, get away from all ya lies
Ya know I tried but you're the kind that can't be satisfied
Misery loves company, I was sleepin' with the enemy
I made a change and spread my wings just like a butterfly
Fly away butterfly, fly away butterfly
