One In The World

Tapes 'n Tapes

One in the world
Is that so hard to find
Where is my heart
In the sand
Or in some awful land
I should have known from the start
Where is my heart
Will you come running to me
I'll leave the light on
Will you come running to me
I'll leave the light on
One in the world
Is that so hard to find
Where is my heart

Where is my heart
Is it in San Jose, or Corison
Is it Monaco, I don't wanna be alone
In the sand, I found this awful card
You have my ship
You went this far
You are the one I need
You are the one I miss
I saw you in Thailand, I saw your tryst
I saw you in Rome, I saw you in Spain
We'll do it again,
We'll do it again.
Will you come running to me
I'll leave the light on
Will you come running to me
I'll leave the light on
